

## Busy Lamp Field (BLF)

A BLF key monitors a specific user. When the user picks up his phone to make a call, the BLF key will light up red. Pressing the BLF key will dial the user programmed under that key when user's phone is idle. You can also pick up a call directly by pressing the BLF key when the monitored phone is ringing.

### Busy Lamp Field (BLF) for T-26

1. Long press (5 seconds) the memory key to program
